

Estimating

(Gold Seal Certified Course)

The purpose of this course is to teach individuals basic estimating and bidding skills. With the current astronomical demand for good estimators throughout Canada in all disciplines of the construction industry, it is essential to begin the journey with a thorough introduction into this highly structured and deeply focused part of our world. All our instructors have extensive backgrounds in bidding and estimating.

The course includes 3 full days of instruction plus an additional 3 weeks of on-line estimating and instructions during evenings and weekends at home. Each participant will receive a complete 120-page Estimating manual. A brief overview of the course is as follows:
