

## **ICBA members and employees can dial up cell phone savings**

ICBA and Cellworks are offering a special deal for new mobile Rogers Wireless phone activations for ICBA members and their employees.

Cellworks is ICBA's cellular phone provider and exclusively offers Rogers plans and phones.

For your convenience, Cellworks is offering a single contact looking after this program – Scott Aceman from the company's Vancouver Office. He can help members and their staff with their phone, voice, and data plan needs, and arrange an in-store visit to check out phones.

Members outside the Lower Mainland can still access the deal – Cellworks will set up plans and ship phones free of charge across the province.

Employees can use this deal as well for personal cell phone contracts so please share the offer with them.

**To get your discount contact Scott Aceman**

**Phone: (604) 644-7631**
