- The BC Road Builders' & Heavy Construction Association
- The Canadian Home Builders' Association of British Columbia - the voice of the residential construction industry in BC.
- The Independent Contractors and Businesses Association of BC (ICBA)

Current total jobs posted: 669

Current total job seekers: 797

Benefits:

- All types of construction jobs are available, from residential construction, road building and heavy construction to industrial, commercial and institutional construction sector opportunities
- It's a one-stop-shop for jobs and construction industry information
- There has never been a better time to get into the trades field and find great jobs that offer opportunity for career growth
- The construction industry is one of the highest paid sectors in our growing economy
- The site also offers career services, from career guidance and information to available industry training and certification programs
- The site offers links to a large network of other industry sector partners across Canada and their job postings and information

Features:

- Offered as a members benefit for the Industry Partner Association
- Employers are able to post their own job openings, request automatic matches to qualified job seekers, and request automatic email notification of job applicants
- Job Seekers can review the map of BC to pick the area they want to work in and to find out if jobs are available
- Job Seekers can send their application to employers online
- Job Seekers can identify qualified jobs and apply automatically via email
- Job Seekers can learn what training and certification is required for the construction sector jobs and where to access that training
- Offers easy access to jobs by geographic area
